

Instructions

Students are required to propose a Poster Title with an introduction of the poster and propose the plan of Proof of Concept for the project. Discussion should be done with the Work Supervisor and the Academic Supervisor before filling out the Poster Endorsement Form.

With the consent of the Work Supervisor and Academic Supervisor about the proposed MIPD project, students are to seek endorsement from the supervisors by completing the Project Endorsement Form.

The Project Endorsement Form is to be submitted in a **PDF format**.

PDF file to be labelled as “**XX_StudentName_Proposal.pdf**”

(XX - To show number according to the NME student list)

Example: “07_Lim Jia Ming_Proposal.pdf”

“46_Doreen Tan_Proposal.pdf”

MIPD 2026 Project Endorsement Form

STUDENT INFORMATION			
Student Name	DANISH ERHAN BIN RIZAL IDWN	NME #	37
Specialisation	OFFSHORE ENGINEERING	Student ID	2402280
IWSP Company	Seatrium		

PROJECT INFORMATION	
Poster Title	Powering the Ocean's Future: A Topology-Driven Hydrodynamic Study for Floating Nuclear Power Platforms
Motivation	Interning at Seatrium's Offshore Energies Engineering Department, provide insight into current offshore energy projects, leading to the conceptualization of an offshore nuclear energy facility to meet Singapore's energy demands.
Objectives, Scope of Work, and Methodology	Objectives: - Conceptualize a floating nuclear power platform through CAD softwares or sketches - Research on the safety of floating nuclear facility using software methods and feasibility. - Provide suggestions on future studies that can be done on this concept idea (ie; stability studies, maintenance studies). - Propose further considerations. Scope of Work: - Project is related to design engineering for the offshore environment which is related to my internship department, company and my specialization. Methodology: - 3D CAD Design, Sketches, Research on Nuclear Energy Efficiency
PoC (Proof of Concept) Proposal	Conceptualize a feasible floating power plant, create a simple physical model that can float.

SUPERVISOR ENDORSEMENT	
Work Supervisor	Name: <u>Liu Yongsheng</u> Signature: _____ Date: <u>0209/26</u>
Academic Supervisor	Name: <u>Sahil Jawa</u> Signature: _____ Date: <u>02/09/26</u>
